

IMPORTANT SAFETY RECALL

October 2025:

Nitto Tire U.S.A. Inc. is conducting a voluntary safety recall of certain Nitto® Crosstek® 2, Dura Grappler® Highway Terrain, Exo Grappler® AWT, Mud Grappler® Extreme Terrain, Recon Grappler® A/T, Ridge Grappler®, Terra Grappler® G3 A/T, and Trail Grappler® M/T tires. See [Attachment No. 1](#) for a list of the recall tires.

The recall tires were manufactured at Nitto's plant in White, Georgia (73 or 173) and can be identified by examining the sidewall stamping for the Brand, Model, Size, the "Made in U.S.A." mark, and the Tire Identification Number ("TIN"), which includes the plant code (i.e., the three characters immediately following the "DOT" mark) and the manufacture date (i.e., last 4 digits of the TIN) (collectively, "Identifying Information").

To determine if you have received tires that are included in this recall campaign, please check the Identifying Information found on the sidewall of the tire. If it matches the above identifiers, contact your Nitto Tire dealer. See [Attachment No. 2](#) for illustrations to assist you in locating the Identifying Information on the sidewalls of the recall tires.

If you have difficulty determining whether you own a recalled tire, please contact or visit your Nitto Tire dealer for assistance.

Note: Please be sure to check your spare tire as well.

WHAT IS THE PROBLEM?

Due to an isolated incident in the belt manufacturing process, affected tires may have reduced adhesion within the belt package. Affected tires may experience a partial or full separation of the full tread/belt package, which may lead to a loss of vehicle control and an increased risk of a crash.

REPLACEMENT OF RECALLED TIRES

If you own a recalled tire, please contact the dealer from whom you purchased the tire, or the nearest authorized Nitto Tire dealer, to schedule an appointment to replace the tire.

It is important that all recalled tires be removed from service as soon as possible. Replacement tires are readily available, and in the event that your dealer does not have them in stock, replacements will be ordered for you. The recalled tire will be replaced free of charge, including

mounting, balancing and taxes, if returned to the dealer from whom you purchased the tire, or an authorized Nitto dealer, on or before June 20, 2026. Please take the owner notification letter you receive to the dealer at the time of your appointment. It will take the dealer approximately one hour to replace up to four (4) tires, not accounting for any wait time.
